FLEXIBLE SPENDING ACCOUNTS

BSD offers Flexible Spending Account (FSA) options through NueSynergy (formerly Paylocity) to help employees avoid taxes on allowable out-of-pocket medical and dependent care expenses. An FSA allows you to contribute money into an account with each paycheck to pay for qualified expenses on a pre-tax basis. With an FSA, you save FICA, federal, state and local taxes by reducing your taxable income which increases your take-home pay.

By Federal law, FSAs are “use it or lose it” accounts so you want to contribute as much as you feel comfortable you will spend throughout the year. To help prevent employees from losing contributions, our FSA plan offers a generous grace period, which allows you to continue to spend down your account until March 15 of the following year. **Federal law also requires employees to re-enroll every year and specify their FSA annual contribution amount(s).**

Health Care (Medical) Flexible Spending Account

This account provides a debit card that you can use at the point of purchase to pay for IRS section 213d qualified medical expenses not covered by benefit plans such as medical deductibles and copayments, prescriptions, dental care, vision care and more. It allows you to pay for these out of pocket expenses with pre-tax dollars. You determine how much money, if any, you want to contribute.

- \$3,300 per year maximum annual contribution
- \$260 per year minimum annual contribution
- Enrollment is only allowed at annual open enrollment or when first benefit eligible

Dependent Care (Childcare) Reimbursement Account

This account allows you to pay for eligible dependent care expenses such as **preschool, daycare, before or after school programs and more** with pre-tax dollars. You determine how much money, if any, you want to contribute.

- \$7,500 per year maximum annual contribution
- \$520 per year minimum annual contribution
- Enrollment is only allowed at annual open enrollment or when first benefit eligible

Dependent Care

This account is **NOT** for dependent/child(rens') medical expenses. This account is for Child Care cost, such as after-school program for children of a certain age, camps, day care, etc.

For dependents'/child(rens') medical expenses, enroll in the Health Care Flex Spending.

VOLUNTARY BENEFITS OFFERED BY UNUM

The physical and financial health and wellbeing of our employees is very important to Bi-State Development. In order to make it easier for our employees to gain access to and pay for benefits to protect them from the unexpected, we have partnered with Unum to provide employees with access to a variety of voluntary individual insurance options. As a part of that partnership, Bi-State Development will provide employees with the convenience of payroll deduction to pay their Unum premiums.

The plans offered by Unum are individual products that can only be purchased through an agent licensed in the state where the applicant resides. Each year during open enrollment, we bring licensed Benefits Counselors on-site who are able to assist employees with all of the Unum products, but are also specifically trained to educate and assist employees with our core benefit offerings. Enrollment in any of the Unum products is strictly voluntary.

The next four pages contain high level information on the following products offered by Unum:

- Off the Job Accident
- Whole Life Insurance with an optional Long-Term Care rider available
- Critical Illness Coverage
- **New Benefit: Pet Insurance**
- Hospital Indemnity

IF YOU ARE INTERESTED
in learning more about any of the Unum products,

or enrolling in coverage, make an appointment

during Open Enrollment.

WHOLE LIFE INSURANCE

Unum's Whole Life Insurance is designed to pay a death benefit to your beneficiaries, but it can also gain cash value you can use while you are living. This benefit offers an affordable, guaranteed level of premium that won't increase due to age. Unlike term life insurance offered through the workplace, this coverage can continue into retirement.

Who Can Get Coverage?

- **Individual Spouse Coverage** — This coverage can be purchased without purchasing employee coverage. The minimum policy amount is \$2,000, but the actual benefit amount is based on the premium amount chosen, age at issue and tobacco usage. If you leave BSD, you can keep your spouse's policy and be billed directly at home.
- **Individual Child Coverage** — This coverage can be purchased without purchasing employee or spouse coverage. Each policy covers one child or grandchild. You can purchase coverage for each child/grandchild for as little as \$1 per week. Benefit amounts are based on issue age and premium selected. Your children can keep the coverage, even if you leave BSD.

Additional Coverage Options:

- **Living Benefit Option Rider** — Automatically included at no extra charge on this policy is a Living Benefit Option Rider. You can request up to 100% of the death benefit amount (to a maximum of \$150,000) if you are diagnosed with a medical condition that limits life expectancy to 12 months or less. Any payout you receive while you are living would reduce the amount of the benefit that would be paid to your beneficiaries when you die.
- **Waiver of Premium** — If you're disabled for at least six months before age 65 and you remain disabled, you won't have to pay premiums until you recover and return to work.
- **Long-Term Care Rider** — If purchased, will pay a percentage of the benefit toward the cost of a nursing home, assisted living facility or adult day care.

Advantages of the Plan

- Coverage is available to eligible employees up to age 80 who are actively at work.*
- You can buy coverage for your spouse and/or dependent children, even if you don't buy coverage for yourself.
- The policy accumulates cash value at a guaranteed rate of 4.5%.** Once your cash value builds to a certain level, you can borrow from the cash value or use it to purchase a smaller "paid-up" policy with no more premiums due.
- You get affordable rates when you purchase this policy through BSD, and it is paid for through convenient payroll deduction.
- You own the policy so you can keep this coverage if you leave the company or retire. Unum will bill you directly.
- Coverage becomes effective on the first day of the month in which payroll deductions begin.

* Not on a leave of absence at the time of application.

** The policy accumulates cash value based on a non-forfeiture interest rate of 4.5% and the 2001 CSO mortality table. The cash value is guaranteed and will be equal to the values shown in the policy. Cash value will be reduced by any outstanding loans against the policy.

CRITICAL ILLNESS INSURANCE

Unum's Group Critical Illness Insurance can help protect your finances from the expense of a serious health problem, such as a stroke or heart attack. Cancer coverage is also included. **You can choose a lump-sum benefit up to \$30,000 that's paid directly to you at the first diagnosis of a covered condition.**

Lump sum benefits are paid directly to you and can be used any way you choose. You can also use this coverage more than once. If you receive a full benefit payout for a covered illness, your coverage can be continued for the remaining covered conditions. The diagnosis of a new covered illness must occur at least 90 days after the most recent diagnosis. Benefits can be paid for a second occurrence of a benign brain tumor, coma, heart attack or stroke if at least twelve months elapses between occurrences.

What Is Covered?

Illnesses covered by the base plan include:

- Heart attack
- Stroke¹
- Major organ transplant²
- Permanent paralysis due to a covered accident³
- End-stage renal (kidney) failure
- Coronary artery bypass surgery (pays 25% of lump-sum benefit)
- Cancer
- Carcinoma in situ⁴ (pays 25% of lump-sum benefit)

Advantages of the Plan

- Coverage is available to eligible employees who are actively at work.*
- You may choose a benefit amount of \$10,000, \$20,000 or \$30,000.
- You can purchase coverage for your spouse with purchase of employee coverage.
- Eligible children ages newborn to 26 years are automatically covered at 50% of employee benefit amount.
- You get affordable rates when you buy this policy through BSD, and the premiums are conveniently deducted from your paycheck.
- You own the policy so you can keep this coverage if you leave BSD or retire. Unum will bill you directly.
- Coverage becomes effective on the first day of the month in which payroll deductions begin.

* Not on a leave of absence at the time of application.

A \$50 ANNUAL WELLNESS BENEFIT IS INCLUDED.

Please refer to the policy for complete definitions of covered critical illnesses.

NOTE: Employee contribution rates will vary depending on amount of coverage purchased, spouse and/or child(ren) covered, employee age and employee tobacco status.

² Undergoing surgery as a recipient of a transplant of a human heart, lung, liver, kidney or pancreas.

OFF-THE-JOB ACCIDENT INSURANCE

Unum’s Group Off-The-Job Accident Insurance can pay lump-sum benefits based on the injury you receive and the treatment you need, including emergency room care and related surgery. LONG-TERM DISABILITY

If you are off work on an approved STD leave and it appears you may not be able to return to work by the time STD benefits end, your claim will be referred for consideration of Long-Term Disability (LTD) benefits. The carrier will notify you and BSD if they require any additional information in order to render a decision on your LTD claim. If approved, this plan will continue to pay you 60% of your base salary, but it will be paid on a monthly basis. The amount and duration of benefit payments will be dependent on several factors, such as the age at which your disability began and other disability benefits you are eligible to receive.

Eligibility	1 year of service (Salaried employees only)
Employee Cost	None - BSD paid
Monthly Benefit Amount	• 60% of your base salary less taxes (and income offsets if applicable) • Maximum benefit is \$5,000 per month for those earning less than \$100,000 per year or \$10,000 per month for those earning more than \$100,000 per year
Elimination Period	This is the period of continuous disability which must be satisfied before you are eligible to receive LTD payments. The elimination period for our LTD plan is 26 weeks.
Benefit Duration	The duration of benefits is based on your age when the disability occurs. Your LTD benefits are payable for the period during which you continue to meet the definition of disability up to the Social Security Normal Retirement Age. If your disability occurs at or after age 62, the benefit duration is reduced.

SHORT-TERM DISABILITY

It's not life-threatening — a broken arm, scheduled surgery or maybe you're having a baby and you're going to miss work for several weeks or even a month or two. How are you going to pay the bills? Maybe you have a week or two of PTO accrued, but after that, what happens?

Fortunately, BSD provides Salaried employees with Short-Term Disability (STD) coverage at no cost to the employee. This coverage offers partial income replacement if you are unable to perform the essential functions of your job due to a non-work related condition or injury. You are required to use accrued PTO (and/or unpaid time) to cover the one week elimination period after which you can choose to use additional accrued PTO for full income replacement prior to taking the STD payments, if you wish. Once STD payments begin, additional PTO may not be used for the remainder of that leave.

Eligibility	1st of the month following 90 days of full-time continuous service (Salaried employees only)
Employee Cost	None - BSD paid
Weekly Benefit Amount	• 60% of your base salary less taxes • Maximum benefit is \$2,500 per week
Elimination Period	This is the period of continuous disability which must be satisfied before you are eligible to receive STD payments. The elimination period for our STD plan is 7 days (1 calendar week).
Benefit Duration	The maximum duration of benefits is 25 weeks after the elimination period has been satisfied.

Important Notice from Bi-State Development about Your Prescription Drug Coverage and Medicare

(Medicare Part D Certificate of Creditable Coverage Notice)

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Bi-State Development and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Bi-State Development has determined that the prescription drug coverage offered by Express Scripts is, on average for all plan participants, expected to pay out as much as the standard Medicare prescription drug coverage pays, and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you decide to join a Medicare drug plan at a later date.

When can you join a Medicare drug plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15–December 7.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What happens to your current coverage if you decide to join a Medicare drug plan?

If you do decide to join a Medicare drug plan and drop your current Bi-State Development coverage, be aware that you and your dependents will not be able to get this coverage back.

When will you pay a higher premium (penalty) to join a Medicare drug plan?

You should also know that if you drop or lose your current coverage with Bi-State Development and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

Women's Health and Cancer Rights Act Annual Notice

Did you know that your plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services, including all stages of reconstruction and surgery to

achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema? Call your plan administrator at 1.800.244.6224 for more information.

Notice for Grandfathered Health Plans

Bi-State Development believes its self-funded plan, administered by Cigna, is a "grandfathered health plan" under the Patient Protection and the Affordable Care Act. As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing.

However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan, and what might cause a plan to change from the grandfathered health plan status can be directed to the Plan Administrator at 1.800.244.6224.

MODEL GENERAL NOTICE OF COBRA CONTINUATION COVERAGE RIGHTS

Continuation Coverage Rights Under COBRA Introduction

Introduction

You're getting this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan.

This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it. When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

What is COBRA continuation coverage?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because

of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage [*choose and enter appropriate information: must pay or aren't required to pay*] for COBRA continuation coverage.

If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;

- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a “dependent child.”

Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to [*enter name of employer sponsoring the Plan*], and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary. The retired employee’s spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

When is COBRA continuation coverage available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee;
- Commencement of a proceeding in bankruptcy with respect to the employer; or
- The employee’s becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child’s losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. You must provide this notice to: [*Enter name of appropriate party*]. [*Add description of any additional Plan procedures for this notice, including a description of any required information or documentation.*]

How is COBRA continuation coverage provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

Disability extension of 18-month period of COBRA continuation coverage

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage. [*Add description of any additional Plan procedures for this notice, including a description of any required information or documentation, the name of the appropriate party to whom notice must be sent, and the time period for giving notice.*]

Second qualifying event extension of 18-month period of continuation coverage

If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second

qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

Are there other coverage options besides COBRA Continuation Coverage?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicare, Medicaid, [Children's Health Insurance Program \(CHIP\)](#), or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

Can I enroll in Medicare instead of COBRA continuation coverage after my group health plan coverage ends?

In general, if you don't enroll in Medicare Part A or B when you are first eligible because you are still employed, after the Medicare initial enrollment period, you have an 8-month special enrollment period¹ to sign up for Medicare Part A or B, beginning on the earlier of

- The month after your employment ends; or
- The month after group health plan coverage based on current employment ends.

If you don't enroll in Medicare and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in Medicare Part A or B before the COBRA continuation coverage ends, the Plan may terminate

your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if you enroll in the other part of Medicare after the date of the election of COBRA coverage.

If you are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to Medicare, even if you are not enrolled in Medicare.

PREMIUM ASSISTANCE UNDER MEDICAID AND THE CHILDREN'S HEALTH INSURANCE PROGRAM (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2025. Contact your State for more information on eligibility –

Bi-State Development Notice of Privacy Practices

This notice describes how medical information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

The Health Insurance Portability and Accountability Act of 1996 and the regulations thereunder (“HIPAA”) require a health plan to notify participants about its privacy policies and procedures with respect to participants’ health information. This document is intended to satisfy HIPAA’s notice requirement.

This notice is effective as of September 1, 2024. If you have any questions about this notice, please contact:

Bi-State Development and its Affiliates (the “Employer”) maintain the Bi-State Development Health Plan and the Bi-State Development Employee Assistance Program (individually and collectively referred to as the “Plan” and the “Plans” throughout this notice). The Plans have authorized certain employees of the Employer to have access to your health information (referred to as “employees with access”), so that they may perform certain administrative functions for the Plans. These administrative functions—treatment, payment, and health care operations—are described below. Employees with access also may use and disclose your health information for other purposes, which are outlined in this notice.

Third party “business associates” that perform various services for the Plans also may have access to your health information. However, the Plans’ business associates have agreed to safeguard your health information in accordance with HIPAA.

This notice will tell you about the ways in which employees with access to your health information and the Plans’ business associates may use and disclose such information. It also describes the Plans’ obligations and your rights regarding the use and disclosure of your health information.

The Plans are required by HIPAA to:

- Make sure that your health information is kept private;
- Give you this notice of the Plans’ legal duties and privacy practices with respect to your health information; and
- Follow the terms of the notice that is currently in effect.

The Plans also are required to designate a Privacy Officer who is responsible for the development and implementation of the Plans’ Privacy Policies and Procedures. The Plans have designated the Director of Benefits as the Privacy Officer. The Privacy Officer may be contacted as follows:

Director of Benefits

How Employees with Access and Business Associates May Use and Disclose Your Health Information

The following categories describe different ways in which employees with access and the Plans’ business associates are permitted or required to use and disclose your health information. Not every use or disclosure in a category will be listed.

For Treatment. Employees with access and business associates may use and disclose your health information to facilitate medical treatment or services by health care providers. For example, if you are unable to provide your medical history as the result of an accident, a business associate may advise an emergency room physician about the types of prescription drugs you currently take.

For Payment. Employees with access and business associates may use and disclose your health information to make coverage determinations and payment in accordance with the terms of the Plan (this includes billing, claims management, subrogation, reviews for medical necessity and appropriateness of care, utilization review and preauthorization). For example, a business associate may tell your health care provider whether you are eligible for Plan coverage. Also, your health information may be shared with another health plan to coordinate benefit payments. Members of the Plan’s Claims Review Committee will have access to any of your health information that is relevant to an appeal you file under the Plan.

For Health Care Operations. Employees with access and business associates may use and disclose your health information to enable the Plan to operate or to operate more efficiently. This includes conducting quality assessment and improvement activities, submitting claims for stop-loss coverage, determining employee contributions, conducting or arranging for medical review, legal services, audit services, disease management, case management, planning and development, and general Plan administrative activities. For example, the Plan may use your claims information to refer you to a disease management program, project future benefit costs, or audit the accuracy of its claims processing functions. In addition, the Plan may contact you to provide you information about treatment alternatives or other health-related benefits that may be of interest to you.

Other Permitted Uses and Disclosures.

- The Plan may be required by law to disclose your health information.
- The Plan will make your health information available to you, and to the Secretary of the Department of Health and Human Services for purposes of HIPAA enforcement.
- Your health information may be disclosed to a public health agency. This may include disclosing your health information to report certain diseases, death, abuse, neglect or domestic violence or reporting information to the Food and Drug Administration if you experience an adverse reaction from any of the drugs, supplies or equipment that are involved in your care.

- Your health information may be disclosed to government agencies so they can monitor, investigate, inspect, discipline or license those who work in the healthcare system or for government benefit programs.
- Your health information may be disclosed as authorized by law to comply with workers' compensation laws.
- Your health information may be disclosed in the course of a judicial or administrative proceeding, in response to an order of a court or administrative tribunal (to the extent such disclosure is expressly authorized); and in response to a subpoena, discovery request, or other lawful process, but only if efforts have been made to tell you about the request or to obtain an order protecting the information requested.
- Your health information may be disclosed to law enforcement officials to report or prevent a crime, locate or identify a suspect, fugitive or material witness or assist a victim of a crime.
- Your health information may be used or disclosed to avert a serious threat to health or safety if the use or disclosure is necessary to prevent a serious and imminent threat to the health or safety of a person or to the public, and is disclosed to a person who is reasonably able to prevent or lessen the threat, including the target of the threat.
- Your health information may be used or disclosed for limited research purposes, provided that a waiver of the authorization required by HIPAA has been approved by an appropriate privacy board.
- If you are a member of the armed forces, the Plan may disclose your health information as required by military command authorities or to evaluate your eligibility for veteran's benefits. The Plan may also disclose health information about foreign military personnel to the appropriate foreign military authority.
- Your health information may be disclosed to coroners, health examiners and funeral directors so that they can carry out their duties or for purposes of identification or determining cause of death.
- Your health information may be disclosed to people involved with obtaining, storing or transplanting organs, eyes or tissue of cadavers for donation purposes.
- The Plan may disclose your health information to authorized federal officials for intelligence, counterintelligence, and other national security activities authorized by law.
- If you are an inmate of a correctional institution or under the custody of a law enforcement official, the Plan may release your health information to the correctional institution or law enforcement official.
- Your health information may be disclosed to your spouse, a family member or a close personal friend if the health information is directly relevant to your spouse's, family member's or close personal friend's involvement with payment related to your health care.

Pursuant to an Authorization. The following uses and disclosures of your protected health information will only be made with your written authorization:

- Uses and disclosures of psychotherapy notes
- Disclosures that constitute a sale of your protected health information
- Uses and disclosures of your protected health information for marketing purposes

- Uses and disclosures of your protected health information beyond the uses and disclosures described in this notice

If you give us an authorization, you may revoke it at any time by submitting a written revocation to our Privacy Officer. Disclosures that were made in reliance on your authorization before you revoked it will not be affected by the revocation.

Your Rights with Respect To Your Health Information

You have the following rights with respect to your health information:

Right to Inspect and Copy. You have the right to inspect and copy your coverage, payment and claims record and other health information used by the Plan to make benefit determinations about you. To inspect and copy such information, you must submit your request in writing to the Privacy Officer. If you request a copy of the information, we may charge a fee for the costs of copying, mailing or other supplies associated with your request.

The Plan may deny your request to inspect and copy in certain very limited circumstances. If you are denied access to your health information, you may file a complaint regarding the denial.

Right to an Electronic Copy of Electronic Medical Records.

If your protected health information is maintained in an electronic format (known as an electronic medical record or electronic health record), you have the right to request that an electronic copy of your record be given to you or transmitted to another individual or entity. We will make every effort to provide access to your protected health information in the form or format that you request, if it is readily producible in such form or format. If the protected health information is not readily producible in the form or format you request your record will be provided in either our standard electronic format or if you do not want this form or format, a reasonable hard copy format. We may charge you a reasonable, cost-based fee for the labor associated with transmitting the electronic medical record.

Right to Get Notice of a Breach. You have the right to be notified if any of your unsecured protected health information is breached.

Right to Amend. You have the right to request that the Plan amend your coverage, payment and claims record and other health information used by the Plan to make benefit determinations about you. You have the right to request an amendment for as long as the information is maintained by or for the Plan.

To request an amendment, you must submit your request in writing to the Privacy Officer. In addition, you must provide a reason that supports your request.

If your request is denied in whole or in part, the Plan will provide you with a written denial that explains the basis for the denial. You may then submit a written statement disagreeing with the denial and have that statement included with any future disclosure of your health information.

Right to an Accounting of Disclosures. You have the right to request an "accounting" of the Plan's disclosures of your health information during a time period which may be no longer than six years prior to the date of your request. There are exceptions to the types of disclosures for which the Plan is required to account. For example, the Plan is not required to give you an accounting of disclosures of your health information for purposes of treatment, payment or health care operations, and is not required to account for disclosures made prior to April 14, 2003.

To request an accounting of disclosures, you must submit your request in writing to the Privacy Officer. Your request should indicate in what form you want the accounting (for example, paper or electronic). The first accounting you request within a 12 month period will be free. For additional accountings, the Plan may charge you for the costs of providing the accounting. We will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.

Right to Request Restrictions. You have the right to request a restriction on the health information that the Plan may use or disclose about you for treatment, payment or health care operations, or that the Plan may disclose to your spouse, a family member or a close personal friend who is involved with payment related to your health care.

We are not required to agree to your request.

Requests for restrictions must be made in writing to the Privacy Officer. In your request, you must provide: (1) what information you want to restrict; (2) whether you want to restrict use, disclosure or both; and (3) to whom you want the restrictions to apply.

Right to Request Confidential Communications. You have the right to request that the Plan communicate with you in a certain way or at a certain location, such as only at work or by mail.

Requests for confidential communications must be made in writing to the Privacy Officer. The Plan will attempt to honor all reasonable requests. Your request must specify how or where you wish to be contacted.

Right to a Paper Copy of this Notice. You have the right to a paper copy of this notice. You may ask us to give you a copy of this notice at any time.

Changes To This Notice

The Plan reserves the right to change the terms of this notice. The Plan reserves the right to make the revised notice effective with respect to all of your health information already maintained by the Plan, as well as any of your health information maintained by the Plan in the future. In the event of a material change to the notice, a revised version of the notice will be provided by mail.

Complaints

If you believe your privacy rights have been violated, you may file a complaint with the Plan or with the Secretary of the Department of Health and Human Services. To file a complaint with the Plan, contact the Director of Benefits listed at the beginning of this notice. All complaints must be submitted in writing.

You will not be retaliated against for filing a complaint.
